Mr, Hopkins please confirm you are now clear on the report and where to obtain it form. I am requesting that, given the clarity you have now received and that those who have the report are on this email you will be able to fulfill this request within a couple of days.

What a strange response. You and Dr. Varley aren't clear on what I am referring to when I am asking for the proficiency report discussed at the last curriculum meeting? The report Ms. Stanley said would be ready on 6/6/2023?

Ok I will help you

As per Pam Stanley at the last BOE Meeting (6/5/2023) the Curriculum meeting was going to meet on 6/6/2023 to complete the report.

This report would contain the evidence to support Dr. Varleys assertion that the reason Berkeley Heights experienced the most significant declines across comparable schools in Math, ELA and Science had to do with COVID and underachieving AP students. Both apparently unique to Berkeley Heights. It would also provide evidence to support the CMS decline in Algebra is really evidence that we are doing great in Math

Ms. Bradford since you are the new champion of reducing OPRA requests can you encourage the curriculum committee to provide this report to the public? If you have it can you send it to me?

Dipti, did Ms. Stanley ever send you a copy of the report?

Ms. Stanley can you send me the report?
