Good Morning,

Congratulations on getting to the next step in the general election. My name is John Migueis, and I contribute to Berkeley Heights Community Watch, a growing and vital source of information for Berkeley Heights and Mountainside residents on matters connected to local government.

Last year we emailed Debate questions to BOE candidates and published their responses on our platforms. This year we seek to include Town Council Candidates. The same rules will apply:

You will each be emailed the questions simultaneously and will have 1-2 weeks to respond. **Responses will not be made public until after the deadline, and answers cannot be changed or altered after the deadline passes.**

We intend to send approximately five question sets between now and Election Day, including the questions below:

Please provide residents with your qualifications for the town council (education, experience) and how you feel this background will benefit our community on the council. Please provide (at least) two very specific policy positions you plan to introduce or support during your tenure on the Town Council.

Responses are due 06/26/2023 by Noon.

Thank You and Good Luck
John
