To the Board, Dr.Varley and Julie,

I am awaiting the response to my questions from the email dated **June 22, 2023** (see below). Can you please tell me when I can expect an answer, especially on the discrepancy between ***courtesy busing numbers submitted to the state Department of Education (337) and those quoted during the budget planning process (200) in March and April 2023?***

The data submitted by the Berkeley Heights school district to the NJ State Department of Education is attached, which shows ***337 courtesy busing students***. These numbers were certified by Kelly Sheehan to the NJ State Department of Education in November 2022.

Thank you,
Sai Bhargavi

Good Afternoon,

Since busing was one of the key issues highlighted during the 2023-24 budget planning process, and the focus on equity of busing for all students, I wanted to follow up on the topic of courtesy and subscription busing.

During the budget process, we heard Pamela Stanley share some numbers for courtesy busing at the [March 30, 2022 board meeting - 200 students](#) of which 144 students go to GL.

The data submitted by the Berkeley Heights school district to the NJ State Department of Education is attached, which shows **337 courtesy busing students**. I am seeking to understand the discrepancy between the numbers sent to the State Department of Education and those quoted during the budget planning process in March 2023.

@Julie and Dr. Varley - Can you please clarify the total number of courtesy, qualified/eligible, and subscription busing students in BHPS? For clarity, qualified/eligible means those that live either beyond 2 miles or 2.5 miles in the district and hence qualify for busing without cost.

Thank you,
Sai Bhargavi
