Good Evening AJ/Liza:

I received W-2's for SLEO's and SRO's through OPRA.

**Questions for Liza:**

Are the attached W-2's a complete record of payment for SLEO's and SRO's?

Are all the amounts on the W-2's for school related work only?

**Questions for AJ:**

Do you have records I can cross reference to see how much the District actually paid for SLEO and SRO Services? If so can you please provide them to me from 2017 on?

Can you also provide me a salary guide for positions in the school I would be very interested in seeing what some of our staff in schools make compared to SRO's.

Everyone else - if the attached w-2's are a complete record and all the amounts are for school related services this is what the per year spend looks like:
