Please explain and provide any specifics to the above. Given the involvement of

It is important to invest in our schools. This is a big part of why many families

We need this for our community.

I think the above needs to be done even at a cost

I'm invested in giving the school what they need.

I will support tax increases that directly impact academics or academic facilities

Please explain and provide any specifics to the above. Given the involvement of

The amount of taxes that go into unneeded facilities is astronomical. Taxes should

Leverage new possible efficiencies to avoid raising our taxes.

I'd rather not see an increase in taxes beyond the yearly 2%.

I will not be paying more taxes than we already do, how much more are we supposed

I voted for 1 as most important and 4 as least, but there were no instructions. Please

My son has Asperger's and is into STEM. If my taxes had to be raised into order

Depends upon how much the taxes increase. BH schools have been very disapp

Depends what it's for honestly and how much money you are asking of each taxpayer.
All money should be spent on making buildings heated, cooled, and not falling apart.
Taxes are ridiculously high already. I'm most interested in building improvements.

see answer above.

I would argue these projects are essential to maintaining a school. If we don't invest

The property taxes in Berkeley heights are, what I consider, astronomically high.
Scope seems broad. Of course it will be difficult to determine what is "critically needed."
I view requesting additional taxes for school as a result of poor fiscal management.

Please explain and provide any specifics to the above. Given the involvement of

Money is tight with the economy right now. Not interested in an increase in tax

am happy to pay more in taxes to support the education and facilities for our kids

If we need it we will have to pay

Taxes are already high and climbing every year

If the benefits are high, but as an already high tax payer myself I don't know if

I think it's silly to think it's not going to affect our taxes. It will catch up to us one way or

See previous comment.

It would depend on what the money is used for. Please do not ask for more money.
Investment in our district is an investment in my property value, investment in the future.
There is so much that needs to be done to the schools.

The district already wastes tens of thousands of dollars. Without transparency

Devil is in the details here. What tax impact for what benefits?

I don't have questions

We all moved here for the school district. We have to invest in our infrastructure

I'm not trying to pay taxes

The quality of our school facilities is essential

I would agree if there is no increase to taxes

It depends on the size of the impact and what it was for. For instance if you ask

Hola Earl is cooooooooooooooooooooooooooooooool. Hester and Lester

Projects cost money. As a resident I see value in the added costs.

Given the involvement of our faculty and student body, what is your age?	To enhance the overall safety and emergency preparedness of the school, we are implementing a new security protocol. This protocol requires all students and faculty to undergo a security check before entering the school grounds. This check includes a background check, a physical security check, and a mental health screening. We are currently in the process of implementing this protocol and we are seeking your input on how we can best ensure the safety and security of our school community. Please let us know if you have any suggestions or concerns.

Please explain and provide any specifics to the above. Given the involvement of the community, it will depend what the ask is. In general, as long as everything is explained clearly, I support it.

I support doing as much as possible.

Our biggest priorities should be to attract and retain high quality teachers and staff.

We shouldn't have to pay even more than they already charge us in taxes to fix the problem.

I'd like to have a better understanding, in a brief summary, of how expenditures are used.

Improvements to our schools are an INVESTMENT, not a cost. You need to keep the investment low. Taxes are way too high and unfortunately that impacts a homeowners' ability to pay.

ask the community to prioritize a list WITH COSTS and only complete the projects

employee - do not live in district

I have a very tight budget and would hate for my taxes to increase significantly

I think that the health, well being and growth of our town begins with our schools

I am looking forward to the district investing more in Science, Math and English.
There is currently a Math club in CMS which prepares students for competition.
And for science competition like National Science Bowl, there is no such club at CMS.

Things cost money, I understand that. I'm willing to pay more tax on it if I can see the benefit.

We are heading into a recession. We all need to live within our means and tax accordingly.

The schools are aging and in dire need of repairs/upgrades

Timestamp	How long have you lived in the District?	Do you have any children who currently attend the E
