What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
People	I would want the school to be more open minded	Yes
Teachers. Support of the students. Safety	Nothing comes to mind.	Yes
Safety ,	Special education needs more and more hands on educational learning more outdoor lessons	No
Teachers, technology, sports	Teaching esp w regards to math, bullying, information	Yes
good staff, approachability, communication	Update to catch up with 21 century demands	Yes
The teachers, the extra help, the PTO	Some of the facilities, social support, holding students accountable	Yes
Staff, students	Facilities, internet outages	Yes
Athletics, GL counselors, GL teachers	Leadership at CMS, teachers at CMS	Yes
We only just started our journey. Teachers at MKM really care about their students. Facilities seem nice, students come home happy and tired	An incompetent board of ed that wastes tax payer dollars	No
Teachers seem great, good support for special needs	More athletic facilities, better infrastructure (heating, roof, etc.)	Yes
Ms Nardi and Mr Kobliska are wonderful principals.	Updating the schools infrastructure, more Diverse programs and lunch options	Yes
Curriculum, facilities, AP programs	More High school clubs and competitions	No
Safe, close,	Needs to be updated, lack a true gym space, more technology available	Yes
Variety of studies, good teachers, good tech	just prioritize for a changing student body and future job markets	Yes
Teachers, community, education	Facilities standards, the BOE and how it conducts itself/in fighting, support for teachers for students with behavioral issues	Yes
Safe, Clean and Willing	Teachers, Infrastructure, Priority	No
Some teachers	Need More educational programs or opportunities, better math program/more practice , need textbooks, better teachers that teach and not just use slide shows	Yes
My kids look forward to going to school every day	Not sure	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?	Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?	Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Counselors are fantastic & safety of schools.	Implement an assessment of teachers desire to want to be there or retire if they don't. Have more passion or hunger to creatively teach different students. Update the infrastructure at the highschool.	Yes
Yes	Yes	No
Teachers, activities offered and being safe	Reduce the class size, promoting no cell phones to parents so there is no peer pressure, ending or reviewing kids who get called out for violating the HIB policy - it's not always accurately depicted with what actually happened and these kids are way too young to be called in alone in the office and get written up.	Yes
Some amazing teachers, some great afterschool opportunities, kids opportunities to present	Better fascilities, holding our teachers to a higher standard, holding our kids to a higher standard maintain the buildings! stop teaching the kids by putting on you tube videos! did the entire board of ed.	Yes
good class size, mostly great teachers,	Better playgrounds at younger schools, outdoor lunch spot for middle school and high school	Yes
Teachers, principals	Evaluation of teachers per subject more often	No
Education & Development ; Community and Sports	Addition of Foreign language choices (Chinese)	Yes
Quality of faculty, importance set on curriculum	Need Full Time Preschool, smaller classes, more school trips during the year.	Yes
Teacher's Qualifications, Full Time Kindergarten, and Program Intervention	Better communication with parents during emergencies.	Yes
Quality education	Communication	Yes
Special services	Take harassment and bullying more seriously and make IEP classes more inclusive and have more assemblies that talk about inclusiveness and being friendly w one another instead these ridiculous "clicks" these schools have (cms)	Yes
Na	Sharing info of events that pertain to all cultures, updated library and art rooms, music instruments for K-2.	Yes
WIN classes, teachers, parent involvement.		

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Community, size, access to teachers	Better facilities, more focus on college prep, course offerings	Yes
location	nothing	Yes
Quality of teaching staff, school size, class sizes	Improvement of facilities (parking lots, hvac), get a new school board, teacher accountability	No
Teachers, activities	Bussing availability, after care options	Yes
The faculty, communications, family events	None	Yes
The Teachers	Division on the Board of Ed	Yes
The teachers are the best!!!	Steam available in elementary and middle schools, more after school and extra curricular for elementary,	Yes
We do not have a strong STEM Program; reduce arts ; need transparent reporting	We need to prioritize education; need to resolve bullying issue in Middles School; creating a toxic environment. Bullying is not a right of passage; BH is not engaged to resolve.	Yes
Compassionate educators, upskilling students who need more challenges, clear communication	Unsure	No
Quality academic education, music program	1.The theater and arts program, getting a separate teacher specifically for the drama department! 2.Less homework, way too much homework after school 3.Letting the kids out of school earlier so they can have a longer summer.	Yes
Sports programs, events and certain teachers	Old school needs updating. More fields / courts for sports.	No
Community members and students in Berkeley heights	Academic rigor and content, facilities and resources, consistent quality of teachers	Yes
smaller class sizes throughout elementary schools, very good teachers in elementary schools, good level of communication	declining rank, declining quality of education, quality of teachers in the later grades	No
Ability to adapt to students needs academically, transition to higher grade levels	Ability to test better when compared to neighboring towns in standardized tests	No
Quality education, good teachers and innovative way of teaching	Facilities, extracurricular activities and more books in library	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Small class sizes, having enough quality teachers, WIN periods	* Focus on SEL * Extra academic help for those who need it beyond WIN * Cafeteria lines take too long at the elementary level, sometimes my kids don't have enough time to eat	Yes
I don't know	I don't know	Yes
Good teachers, Inclusion, Diversity	1) Improve communication 2) Provide school bus under 2 miles 3) Find a better way to send homework instead of ripping papers off the book.	Yes
Great teaching staff, school safety, good communication	More diversity programs, curriculum options, and support services for students	Yes
Caring teachers	Stop the inclusive instruction! The 10-15% of autistic/behavioral problem kids should NOT be in a mainstream class. This 15-20% is holding back the education of the 80%. Neither group wins in this way!	Yes
Access to resources and caring staff	Expand teacher PD requirements/opportunities; provide more in-class behavioral support for teachers; facility upgrades	Yes
No Phones in Middle School, Teachers that care like Ms. Paoge and many others.	N/A	No
Learning, growth and opportunities	Communication, team work, better scheduling	Yes
Strong sense of community, the teachers that really care are great (need more)	N	Yes
Great teachers. Good schools. Sports	No DEI in the curriculum. Focus more on individual needs. More outside/gym time	Yes
Smaller classes/ personalized instruction feel; good teachers (though see good ones leaving and need more); inclusion efforts (though a lot of room for growth)	Concerns about bullying; concerns around periods of transition (to CMS and to GL); consistency in teaching across grade classrooms (some teachers the academic bar seems too low / different from other classrooms). Also many students seem to need extra support- ie many kids need tutors	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Some great teachers like Ms Leahy	Evolve the curriculum to meet the changing world. The computer science curriculum is extremely limited and makes GL students not competitive in the college application process. Too much focus on athletics overall. Need to balance academics and athletics.	Yes
Not sure - can only say my children seem to be happy and thriving	this might not be the place for it, but having some kind of light, mirror, something to control traffic at Glenside Road and Hunterdon. It's dangerous especially with all the new drivers	Yes
Teachers are wonderful	Longer preschool day	Yes
Teachers that care. Students learning applicable skills. Neighborhood feel.a	A BOE that could focus on spending tax money on what is beneficial to the students without being influenced by political narratives. 1,2 and 3.	No
There are a lot of opportunities for everyone. It is at the right size. The school is supportive.	The athletic coaches can be changed especially girls soccer coach. An ability to be more challenged academically.	Yes
Academically rigorous, encourages student ownership/responsibility, (mostly) great teachers	quality/age of facilities (buildings, technology), insufficient support for extracurricular activities (other than sports), more focus in high quality math and science instruction and support for both teachers and students	Yes
1. 2. 3.	1. More support to students and less homework more teaching in class 2. The budget for lights, sewage, issues,etc. 3. Academic support	Yes
Support of special ed as well as AP students ts	-Addressing the middle 80% of student body -Change library facility use -address oversized middle school elective school sizes -no 2 classes in a period with one teacher	Yes
Have not been here long enough for me to answer this. I can say the Rec needs to come down with their prices for sign ups	My son is in the 4th grade and the way their testing is done I feel is too much. Having 2/3 tests in one week is a lot for kids of this age. On top of that expected to read every night at least 15 mins on top of homework.	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

Would you be likely to support a Referendum to address the needs of the District?

6 N/A

Possibly

5 I can't think of any.

Possibly

3 N/A

Possibly

2 This looks like a laundry list for massive spending. 1 Most likely

1 Girls locker room

Possibly

7 General building maintenance (there are mice roam Most likely

3 Not sure

Possibly

6 Paved pathways from door at cms by band room.  
Bathroom at the band room end of school  
Renovate STEM classroom at cms

Most likely

1 High school needs improvement in general

Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Improving the quality of education, not just the facilities	Only focus on upgrading the facilities with no improvement to the curriculum or teaching staffing		
not sure	not sure		
N/A	N/A		
Individual veto of specific items and not a one vote c Most if not necessary. More money doesn't mean better education or outcomes.			
Girls locker rooms	Update to special education area		
STEM related projects	Anything sports related--we put too much emphasis there already, and kids focused in other areas suffer		
Sewage prevention and renovations	None		
All of them	None		
Not sure	Not sure

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
I don't know right now	I don't know right now.	Yes
There are some great teachers, some of the clubs are great	The facilities- schools are in disrepair, I feel that some of the teachers are not sensitive to the needs of children ( little patience and allowing some bad apples to ruin the experience of all children) more social time in between classes. Time outside would be ideal. If the children are required to carry books as well as a laptop and are not allowed to carry backpacks throughout the school they need more time at their locker and larger lockers in order to be better organized for the day.	Yes
Honestly unsure at this point	Infrastructure (not having basics break such as heating or fire alarm systems), Facilities/Athletic Fields (need massive improvements), BoE decision making and budgeting process	Yes
Student and Parent culture college oriented students want to get into good colleges overall which I believe is largely influenced by parent population.	I think the guidance counselors and career coaching could be improved and more emphasis around work ethic and productivity. STEM related studies	No
Class options, extracurriculars	Focus on academic rigor at expense of individual needs of students	Yes
No comment	No comment	Yes
The educators are great-many great individual teachers. That's it.	Recall Pamela Stanley. Put education over woke narrative/culture/corruption. Prepare our children for jobs/higher education.	No
Unsure	Access to facilities for kids sports, focus on transitioning to new school, improve phone policy to NOT allow phones during day	Yes
Well-balanced curriculum, Non-High-Pressure learning environment and strong academic performance.	Addressing ranking fluctuations, maintain facilities and retain quality teaching staff.	Yes
teacher relations/guidance with students,	better women's sports - not second them to men's sports when it comes to monies allocations, better socializing of students to lower walls of cliques - better belonging,	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be likely to support a Referendum to address the needs of the District?

2 No answer right now

Most likely

4 School lockers in all schools should be updated.

Possibly

1 parking lot paving

Most likely

7 Pick up and drop off should be expanded since a lot

Possibly

3 None

Possibly

1 Lower Columbia field

Possibly

3 N/a

Not at all

1 Better outdoor courts

Possibly

1 NA

Possibly

3 improvements on overall heating and air conditionin

Most likely

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Continuation and improvement of specialized services	Any woke ideologies		
Upgrading the schools and possibly building another ?			
parking lot paving, lighting/security upgrades, improvements	n/a		
Career counseling and college application coaching	anything unrelated to education or career preparation, i.e. sports, E.S.G.		
NA	Na		
Lower Columbia field Reno turf.	Gender neutral bathrooms		
Recalling corrupt board member, Pamela Stanley	Anything related to DEI		
Outdoor courts	Projects that don't benefit the students		
Strategic improvements in facilities and curriculum.	Wasteful spending		
upgrade of classrooms, modernize them.	was a bit overpriced and projects that do not have a timeline and penalties for companies failing to meet deadlines		

. this is great incentive to get things done in a timely manner.

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Amount of elementary schools, transportation and food options.	Improve school facilities, more attention to teaching students hands on, stricter gym class curriculum (focus more on actual physical activities) not student break time.	Yes
Accessibility, Transportation, safety	Curriculum, Access to latest technology , Project related education	No
diversity. High standards. Openness to parent input	More focus on mental health- School counseling. Bullying.	Yes
CMS - the teachers and the staff are all amazing. Mr. K created a wonderful middle school where all students can thrive	Central Grading Policy at the High School level. Need to update all buildings and facilities - ie library, media room, heating, roof, cafeteria	Yes
None, has been a very disappointing experience all around for the past decade. Disappointing has been the only consistent thing. Will be sending all three of my children to private school for their high school education.	Start focusing on the greater good's needs instead of the individual needs. Stop allowing singular students to wreck havoc in our schools. Teaching staff not equipped to handle these students, send out of district to schools equipped to handle.; revitalize importance on core subjects: reading , math, science and social studies; set district goals and get all parties in line to achieve that goal, this needs to start with ending the in fighting within the BOE. Need to get their act together.	Yes
The dedicated teachers	The disrepair of the buildings	Yes
The schools are fine.	Kids need more exercise time.	No
1. Teachers 2. Curriculum 3. Diversity	1. Board of Education is a disgrace 2. Facilities are very poor 3. Administration at some of the schools	Yes
Small classes, strong academics, amazing teaching staff	Need to update the facilities/buildings, more bussing, a board of ed that can actually work together and truly put student needs first rather than being petty and pushing their own agendas	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

7 I'm just concerned with the state of the condition of the building. Possibly

1 Latest smart technology Most likely

5 Overall building Security for all schools. Possibly

4 none Most likely

1 Perform yearly infrastructure upgrades to our aging building. Most likely

7 Heating and cooling systems and WiFi Most likely

2 none Not at all

6 Heat that works Most likely

7 None Most likely

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Improvement on hands on teaching rather than vide N/A			
Classroom innovation	Locker room		
Any 3-4 of the above based on need, financial feasil ANY sort of book banning or reduction in DEI programs/support.			
you have my support	none		
Faculty upgrades to get the schools in working conc Any DEI based initiatives that focus on individuals and not the group.			
Prioritization of teacher and student growth and dev	Projects that seem punitive or deviate from the mission of supporting teachers and students		
Schools should be improved with curriculum improv	Something with a health or safety concern.		
Basic building upgrades	Athletic updates		
Education, arts and building updates	Athletics, although important we have other needs at the moment that need funding

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The quality educators	The boe. The bickering about nonsense and minutia is disgraceful. The BOE acting as though they have any idea what goes on in the world of teaching, managing a classroom, managing a department and managing a building. Their job is to manage the superintendent and hold them accountable. With all of the insignificant things that the board of Ed focuses on, our superintendent cannot understand what goes on in our district.	Yes
Sports activities and variety of classes for students to choose from.	More money actually spent on updating our schools. Bathrooms, classrooms, tennis courts etc. there are not even lines in the parking lot where our high school students park. Kids are asked to bring tissues to their classrooms. The schools feel very, very run down and not well maintained.	Yes
Emphasis on reading Communication to parents Structured	Do not complicate Math logic more than required for elementary students. Provide more practice work for home - online or manual. Free transportation for any distance	Yes
Hard working educators, great early childhood centers, availability of materials	The bickering members of the board of education who don't understand how to prioritize and accomplish things-they need 2 meetings a month, the configuration. Time to return to k-5, the obsession with changing what already works every time there is a shift in administration.	No

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
1. The commitment and engagement of the teachers, support staff and principals 2. The dedicated PTO volunteers and class parents who support the schools with activities and events 3. The range and quality of academic offerings	<p>1. The early education and elementary schools seem to need more funding for basic supplies like tissues, paper towels, pencils and the like. Parents are already contributing supplies at the beginning of the year and then being asked in the second half to replenish items that are running low.</p> <p>2. More communication between school and parents throughout the year about what children are learning and how to help support that learning. We have to figure it out from the homework, which often teaches things in a way we never learned.</p> <p>3. Clearer communication with parents early on about support options when children are struggling and how and with whom to start the 504 or IEP process.</p>	Yes
Small class sizes, good teachers outweigh the bad	<p>(1) Advanced coursework!!!- for kids grade 1-3 so they aren't bored and just told to read and color while waiting for classmates to catch up. (2) Facilities maintained including blacktop that is used for recess, (3) bus service!!!- the pollution of all the cars waiting on mountain for pickup plus the ridiculous traffic including cars driving toward oncoming traffic to make the left into MKM since the older kids line is shorted/quicker in the morning than the K line. Parents with multiple kids spending an hour in various car lines doing pickups at multiple school is unsustainable</p>	Yes
Staff, focus on safety, preparedness for what's to come	The Board of Education - it's dysfunctional, teachers who prefer have students teach themselves rather than teach, cell phone policy at CMS	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The teachers and staff by far. They care a lot about their students. Efficiency tools like Pick Up Patrol and Raptor.	Potholes in the roads leading up to the school. No sidewalks! Requiring students who live in dangerous streets to pay for busing. Half days in the high school should not mean cramming a full schedule of classes. No one learns anything!	Yes
Caring teachers, quality teachers, kids can get to great colleges through our school system if they apply themselves Success orientation; challenging curriculum; prep for college	Upgrade facilities, take care of teachers - PTO had to buy the break room refrigerator at MP bc the school system would not. Ridiculous., Better facilities; more teacher/staff recognition; community spirit	Yes Yes
I would say the lead teachers	I don't think that the bullying that happens at Columbia middle school is addressed enough. My kids talk about all the shoving and hitting that happens on a daily basis and I think it's a bigger problem than the schools think	Yes
Diversity, stem program and safety	Remove all screen time especially Prodigy game from school day, Improve quality of education (more homework and practice on each new topic) and set up a personal education plan for each student	No
Na	Na	Yes
Teachers, Administrators	NA	Yes
Students	Teacher quality, decline in quality over the past 5 years,	Yes
N/a	Math thinking classroom!!!!!!!!	Yes
fgfgfg	gfgfgfg	No
Many options for extra curricular activities, teachers are available when needed, flexible on days off.	Update the student app with more information, the roof needs to be addressed, busses to and from mountainside / Berkeley heights are over crowded	No

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Engaged learning, supportive teachers and principals, holistic development focused on data driven decision making	Clear focus and independent vision not influenced by the loudest voice, strong leadership with open and frequent communication that brings about community engagement, an emphasis on facilities in the strategic plan and budget, better controls on spending in the budget.	No
Smaller population, willingness to offer diversity, holocaust and pride programs	Better teachers, more academic extra curricular (ie mock trial), better teacher support for these academic extras	Yes
Quality of faculty, academic rigor/reputation, excellence in adolescent/early education	High school facilities, standardized test preparation, avoidance of future contract with town of Mountainside	No
Dedicated teachers, involved community, DEI	More discipline in classrooms especially middle school, GL needs better facilities: working heat & AC, filtration; and better rankings in state.	Yes
Teachers, community, facilities	Better IEP programs	Yes
Fun, Some good teachers, counselors making sure you're okay	1. Bathrooms should be cleaner 2. Workbooks for the Honors Kids 3. The snacks in the cafeteria are sometimes priced to high 4. Accelerated classes SHOULD NOT go away 5. A Honors Spanish 6. Fix the rodent issue in CMS	No
Staff, cleanliness, array of subjects	Facilities (specifically at the HS),	Yes
Operating on a limited tax budget; Attention to students when requested (IEPs); GL Ice Hockey - 2x State Champions	Tax us less or give us more with less. You should emphasize the importance of industrial arts and practical life skills. The school should worry less about telling people that attending a vocational-technical school for fundamental skills will not get them into a good college.	Yes
Accelerated programs in middle school. Quest in high school. Strict cell phone policy	Should participate in national level competitions, should improve high school ranking, clubs have to be better	No
Safe, good value and publicly funded	Set very high academic standards	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The safety of the town, good guidance counselors, good TV around the school	Much better teachers --> this is the reason a lot of kids suffer, basic amenities around the school (TISSUES, PAPER TOWELS, SOAP, HEAT), and the wifi DOES NOT work --> a school must have functioning wifi otherwise is it really a school???	No
Small classes, quality teachers and community pride	The in-fighting, lack of communication from administration and politics behind board of ed	Yes
(1) Partnership between parents and teachers at elementary school level; Teachers that want to be there at the elementary level; (2) Variety of the curriculum, availability of AP and Honors classes and extracurriculars at the high school; (3) A solid mix of teachers at the high school, most make an effort to be available to students.	(1) The culture and teaching staff at CMS leaves a lot to be desired; teachers do not seem to want to be there and the emotional/social needs of the children are not being met. (2) CMS runs out of food for lunches daily	Yes
The teachers, the administration staff in the schools, the kids	Full day PreK, steam initiatives, facilities - MKM Playground renovation	Yes
the teaching staff, the curriculum, the courses/electives available	i would start new clubs (for high school) so students can have more extracurricular activities on their college applications; more options for electives (middle school and high school); more classes so that some students who are ahead of their peers will not be "bored" in class	Yes
Safety of the school, good performing arts program,	higher quality teachers, more focused on mental health, available toilet paper, paper towels, soap, stop the odor, functioning wifi, improvements to the GIRLS locker room.	No
Na	Na	Yes
Accessibility, communication, academics	n/a	Yes
The teachers, the athletics and the sense of community	Upgrade the infrastructure, downgrade the influence certain athletic coaches have on resourcing and access to facilities at GL and communicate fund raising and boost club importance to the community more	Yes
F g h	G t r	Yes

Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Staff, infrastructure, Teachers	<p>Replace/reduce investments in DEI for something more useful for the students.</p> <p>More academic focus instead of emotion and sensitivity support.</p>	No
Quality teachers	<p>(Here is what I think as a student from an immigrant family who has lived in this district for numerous years. I included what families like mine believe too).</p> <p>Less Hands on learning, students must focus on procedural problems in any subject before moving on to application. Otherwise, as is the case, students will fall behind and struggle to comprehend basics. The Math education department requires more funding to support students mathematical understanding. Students need workbooks, and other materials for specialized practice (besides from online ones such as KhanAcademy), once we achieve a proper support system, we must push the difficulty of the material to reach international standards. For now, while meeting international standards is arduous, we must not get rid of accelerated programs. These programs motivate students to do better, while offering high-achieving students the education they deserve.</p>	Yes
Staff, resillience,	Facilities,	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Rigor of classes (but need more attentive teachers) Reputation of rigor among colleges	More attentive teaching staff Better athletic programs and facilities/equipment School spirit among students (involvement in extracurriculars and dances) I'm school facilities (heat, pipes, ceiling falling apart) Maintenance of grounds: field lights, paved walkways and parking lot, lit walkways, more turf fields, repair and maintain tennis courts	Yes
Teachers	Upgrade facilities equipment, walking safety and full day PreK	Yes
good reputation, improving on becoming more current with todays times, some of the older teachers are awesome and life changing.	dont teach to the students anymore - rely too much on technology, too liberal and dont care about all students opinions, facilites are old	Yes
Great teachers that adapt to new teaching programs, computer usage for homework is limited in elementary schools, extra help is easily accessible	Project based learning that span across subjects, better school lunches in the elementary schools, more outdoor experience.	Yes
Teacher and staff quality / great support for advanced students and/or students who need extra help / Easy and efficient communication between teachers and parents	More Diversity / Auditorium at middle school (Musical and other shows) / Study about different countries and cultures	Yes
N/A	N/A	Yes
Education, Spelling, Computers	Technology, School timing, and Bathroom condition	Yes
Nice Teachers, Nice students, Nice Staff	Wifi, Drills and Fire drills,	Yes
Principal Marley; teachers at William woodruff; custodial staff at William woodruff	Context for critical decisions	Yes
Good teachers, good administrators and security at each school.	Not enough knowledge about entire system.	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
A small town where is a close knit community but we think like a small town and not a small town having big and valuable ideas to improve our curriculum. Close proximity of schools, access for kids to walk to down or Snyder/Parks.	We need a turf field that isn't owned by the county. Lower Columbia field is horrendous with inground bees and uneven grass that cause injuries to students who utilize them for school sports. I would like better communication with Middle School and High School teachers. Often times I have to figure out the curriculum via google classroom and the organization and lesson plans are all over the place. I would also like to have a even grading policy. One teacher grades differently than another teacher and no set benchmarks for GPA.	Yes
	The Board of Ed, The Board of Ed and the Board of Ed	Yes
Small size, close to home schools, decent teachers	Lights on GL football field, fix buildings, don't pull kids out of class for instrument lessons as it punishes kids who take an instrument and makes them quit to get back their learning or free time	No
The teachers, principals and administrative staff.	Bussing, lack of support for teachers, diversity of education	Yes
Committed teachers, small classes, active parents	Too much testing, consultative model for IEPs, too much school board micromanagement	Yes
There are members of the staff who genuinely care about the safety and education of each child.	Bullying- it is out of control. The "kids will be kids" and specifically "boys will be boys" mentality is outdated and harmful.	Yes
	More supports for kids falling behind academically.	
Good AP selection, good teachers, good financial mgmt	More supervision of kids at lunch/recess. World languages is not good at any grade level, need the best teachers, need the best teachers	No
The three best qualities are: Individual attention to each and every child Extra curricular activities Quality of teaching	The environment in school-- no bullying+every child can socialize Facilities of schools--facilities not working and everything blocked Address needs	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Safe Community, overall good academic program, overall good teaching staff	School Infrastructure, improve music facilities and programs, Tiered learning for later stage elementary education (e.g. different levels for classes so students are challenged to their learning potential).	Yes
Attentive, organized and educated staff	Starting the school year the end of August and finishing the school year earlier if possible	Yes
teaching staff, quality of education/curriculum, individualized for each student (WIN)	general facility upgrades, technology enhancements, improved athletic facilities	Yes
High quality and variety	Increased availability to sport fields. Investment in an additional field,	Yes
Some amazing teachers, clubs and inclusion, like open campus and flexibility of high school	Some teachers, particularly at GL, really don't teach but assign work and that needs to change. Facilities clearly need to be updated. Need more opportunities at grade school level to challenge and motivate high potential students	Yes
Teachers, GLHS overall, variety of classes offered, including AP	Middle School Admin Team	No
I have had one child graduate and another child who is a current student, we had some great elementary school experiences but the middle school is a dumpster fire where teachers seem to go before they retire I guess I don't really 3 great qualities	Maintaining buildings and properties so they aren't falling down would be a great start Having teachers who really want to educate would be excellent! Making kids who have IEP actually have a plan for success instead of letting them take study halls and academic strategies would be great	Yes
Located in a safe township, transparency, communication	School buildings and facilities are extremely outdated	Yes
Safety, focus on rankings, ?	High school building is falling apart, more AP offerings, more focus on increasing high school rank	No
History department, the GL cafeteria food, the tech department	Fixing facilities, the math department, the board of education decisions	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Sport programs, some great teachers. That is all i can think of, unfortunately.	too focus on DEI which is not able to measure, it is like dumping money into garage can, improving on Math, English and Science, rating is currently below 50%. This is sad as most of the parents living here are highly educated.	Yes
Teacher qualifications, accelerated programs, no bully	More team based STEM activities, less tests and more projects based learning, rigorous computer literacy curriculum starting from middle school	Yes
Quality education, friendly staff and small classes	Improve facilities, academic record and create mandatory swimming program	Yes
Preparing children for college	Consistency, better teachers (eliminate poor performers), get better guidance counselors	No
N/A	N/A	Yes
The people of the community, the maintenance of the buildings,	The belief that the schools should be involved in teaching the children about any beliefs in our society. That is a parents right and the that of someone else.	No
Teachers (so far), I can't think of two others that stand out.	The schools are old in general so upgrades. Include a typing course. Less time on chromebooks. Improve writing, communication and oral presentation skills.	Yes
There are a lot of clubs	less homework, more recess at CMS, don't do group punishments whereby all students can't communicate with friends at lunch because a few students didn't behave appropriately! Tell students when it's a fire drill vs a real safety issue. Same for lock downs.	Yes
Community, anti-bullying, strong academic success	Improve safety, maintain student emotional and social development programs	Yes
A variety of courses and extracurricular activities. Facilities are good. Curriculum is generally not overwhelming for most students.	Attract teachers of higher caliber. Offer more opportunities for students who want to compete in science space. Proactively provide and share early on with parents on curriculum paths.	No
Dedicated / caring / always looking to improve	Better communication with parents. Better transition programs for those with IEPs. More flexible Club opportunities especially for those with special needs.	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Kind, friendly, and creative	I would changes to new lesson everyday, practice a sentence, make better my life.	Yes
1: Community/local involvement, 2: positvie reputation, 3: competitive sports	economically feasible bus transportation availability to all students,	Yes
Organization, open and frequent communications, and superb teachers/staff	I would change the aftercare program at Mary k Mcmillin	Yes
Involvement, staff, funds	More resources, more pay for teachers, better facilities	Yes
1.) The people (Teachers and other staff) 2.) The curriculum 3.) Availability	1.) Add an after school program based on STEAM that can help with getting into magnet schools and good colleges for middle and high school 2.) Create an elective for middle and high school that teaches about law for kids who are interested in becoming lawyers or anything relating to law 3.) Create an elective that teaches how to deal with daily life (cooking, chores, fiances, ect.) Curriculum- I feel the current style of curriculum is not very helpful, especially with the computer science and math curriculum Transparency- no one likes being lied to, or being withheld information from, and now that OPRA is gone, it is harder than ever to use your first amendment rights.	Yes
Wide range of classes to choose from Friendly staff Unfortunately, I can't currently think of a third quality	Budget- to be concise, we are spending WAY too much money on school. As a student, I feel that most of this money is being used for unnecessary reasons, such as wellness fairs or repainting the gyms. Focus on the core before branching out.	Yes
Very nice community Very interactive/inclusive especially with LGBTQ+ Food diversity at lunch at CMS	Some of the teachers Putting money towards things other than sports Different ways of teaching certain subject	No
Our schools are safe. Decent athletic departments for certain sports.	Teaching styles. Not everyone learns the same. We need teachers to teach not children's groups teaching each other. Offer more help to students that need it based on teachers evaluations from classroom/homework and not how they do on the standardized state tests.	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

3 I don't know

Possibly

2 repaving a striping

Most likely

2 Elementary playgrounds, cafeteria and gym.

Possibly

1 Modernization

Most likely

4 none

Possibly

3 As a student at GL who has experienced the affects

Possibly

2 Non

Possibly

6 -

Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Sports competition	I don't know		
Busing	0		
District wide aftercare programs and all aforementioned	Not sure		
Renovations	Special education and toilets		
1.) Fixing the rooms in the worst condition first 2.) Creating electives that will help the student where	none		
Re-building of GL Standard grading times (It should not take my teaching time) Standardized grading by course, regardless of teacher Mandatory bias training for all staff members, especially n/a Higher standards for hiring teachers Higher standards of transparency (students should be able to see what teachers are doing) Investigation into teacher usage of AI (Teachers are not allowed to use AI)			
Non	Athletic Programs & Facilities		
To gain my support i would like to know 1)How would the projects be prioritized? Some would take priority over others. It depends what gets put on the referendum			

Timestamp	How satisfied are you with the quality of Berkeley Heights Public Schools?	How long have you lived in the District?
3/19/2025 17:43:02	Satisfied	6-10 years

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Communication, preparedness, safety	Add more programs	Yes
They have decent athletic programs	I would change the ability to control student behavior. The schools need to be able to keep the bullying and disrespect down. The quality of teachers. Make sure they teach and know what they are doing. The quality of bathrooms	Yes
Location of schools, varied extracurricular, newsletters	Woke health education, grading so harshly on group projects, teachers sharing political bias	Yes
Location, ability, desire	Communication, budget, teacher knowledge	No
Highly dedicated and happy teachers, opportunities for children, effective teaching methods	N/A	Yes
After last night's meeting I can tell you 4 of the worst qualities—Natasha Joly, Sai Akiri, Dipti Khanna and Tom Foregger.	Natasha Joly, Sai Akiri, Dipti Khanna and Tom Foregger should be removed from the board immediately.	Yes
Child Study Team Staff, early elementary schools, and concept of WIN	Inclusion class layout as kids get older, recess structure, more options for sensory needs and emotional support	Yes
Community, local, safe	Lack of communication with parents,	No
Caring and competent staff, variety of academic and other educational opportunities offered,	More funding toward staff for diverse student needs (specifically behavioral)	Yes
The teachers	I don't know	Yes
Strong sense of community pride, athletic programs, AP program	Moving teachers that don't want to move, improve infrastructure,	Yes

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]	From a Facilities standpoint, please list any items you feel should be included, that are not covered above.	Would you be likely to support a Referendum to address the needs of the District?
	2 Parking lot maintenance	Most likely
	6 There are none	Possibly
	4 I don't have anything additional to add.	Possibly
	4 Lower columbia parking lot paving	Not at all
	5 N/A	Most likely
	2 Natasha Joly, Sai Akiri, Dipti Khanna and Tom Foreç	Most likely
	1 Playground upgrades	Most likely
	3 More help with college prep and application process	Most likely
	3 The cafeteria	Most likely
	1 None	Possibly
	2 Not sure	Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Additional Programs	Lockers		
Controlling behavior of students	I don't have any that I would not support		
Nothing additional to add	If property taxes will be raised to support projects, I cannot support.		
Paving, ceilings and flooring	Almost all of the rest of them. Our priorities are way off		
Learning area upgrades	More screens. The kids spend too much time on the tablets already.		

Natasha Joly, Sai Akiri, Dipti Khanna and Tom Foreg Natasha Joly, Sai Akiri, Dipti Khanna and Tom Foregger should be removed from the board immediately.

Special Education	N/a		
?	?		
GL and CMS issues- ceilings, fire system	None		
I don't know	I don't know		
General infrastructure repairs/updating	Not sure		

Timestamp	How satisfied are you with the quality of Berkeley Heights Public Schools?	How long have you lived in the District?

What are the three best qualities of the Berkeley Heights Public Schools?

I have found the quality of some teachers and administrators to be exceptional (Mrs. Bokach at CMS makes a profound impact on the 6th grade class and their study habits, whether or not the students realize it and I'd like to see more educators teach at this level, there is currently a huge disparity). I have also felt the annual schedule has made sense (starting school after labor day rather than before; with a later spring break). I have also liked the quality and variety of athletic and club programming at the upper schools.

What are the three things about Berkeley Heights Public Schools that you would change?

Thank you for asking this question. This school year has been challenging for my children in middle school. While there are vast amounts of programming and assistance to cater to those with IEP's, I've seen otherwise gifted or very bright students (including one of my own) fall through the cracks as there is a huge gap (or, black hole) if you will, between the 93 gpa required for accelerated courses and being placed in rowdy co-taught classes with students with IEPs and very short attention spans which significantly downgrade class quality. My children report that students with IEPs have such a disproportionate amount of support by way of additional testing time, behavioral allowances in class, answer keys, etc. to the point of discomfort. While not wanting to seem insensitive, the rate of inclusivity is so high, that it is alienating those that do not require special services, in my opinion and absolutely lowering the quality of education received. Further, when my child entered CMS I was not told about the option for accelerated courses existed, and therefore missed the threshold. I have since realized that many of my child's peers currently in accelerated courses have older siblings, where their parents were aware of the programming. Unfortunately, there is currently is absolutely no place for good students that consistently achieve grades from B+ to A- where they can be brought up to their potential. My oldest is in 8th grade, and I am currently experiencing this, am reluctantly considering private school and now understand why friends and neighbors have left the district. My second biggest issue is the food that is served to the children at school. All three of my children insist on buying lunch, and the options are highly unhealthy with way too many sugary snacks available at the children's disposal. I would love to see junk food becoming more limited and the food having a higher nutritional value and much higher level of quality. I don't believe that Pomptonian is up to par with their lunch selections. My children also report that the cafeterias in our two schools consistently run out

Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?

No

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

No

No

Yes

Would you be in favor of ceilings, flooring (including Asbestos Flooring Abatement) and lighting upgrades in classrooms and other instructional spaces at the Elementary, Middle and High Schools?

Yes

Would you be in favor of toilet room upgrades and renovations for general toilet rooms at the Elementary, Middle and High Schools?

Yes

Would you be in favor of Classroom Renovations (including Science and General Classrooms) that would provide greater flexibility and an adequate number of Classrooms the Science Program at the the High School?

Yes

Would you be in favor of wholesale renovations to the existing Locker Rooms and Team Rooms to provide more space, greater efficiency, proper storage, updated toilet and shower facilities, and trainer's room at the High School?

Would you be in favor of general renovations to existing Science Classrooms (Biology, Physics & Chemistry) to provide layouts that support the advanced curriculum with greater flexibility and efficiency?

Would you be in favor of general classroom renovations to support a growing curriculum for TV Production, Broadcasting, Robotics and Technology Labs?

No

Yes

No

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Our teachers, our administrators and our kids—despite a dysfunctional BOE.	The board seems incapable of working together to do big things which has significantly impacted morale in the district and has caused us to lose talented people. They do not share a strategic vision nor do they have a plan.	Yes
PTO, parents communication	Better discipline at the middle school. More parent input for selection of teachers. Maintenance of bullfighting facilities.. heating, roof repair etc	Yes
I don't believe there are any	Everything and the athletics	Yes
Teachers	Transportation	Yes
Teaching staff, community building events	Community feedback in planning, more physical activity in school days (gym class, sports class for older kids, more recess time early education, etc)	Yes
Parent involvement, community activities and elementary school teachers	Horrible Guidance Department at GL, zero guidance for lower income students, no college prep- parents do everything	No
Teachers	Flexibility	Yes
The children, the community, some of the teachers.	The facilities are terrible, and generally worn down. Support for children who aren't fully disabled is lacking. Quality of teachers and administrative staff varies wildly.	Yes
Focused on safety, community focused, good parent involvement	Increase science and technology courses and electives, core courses should not have only one teacher option for all sections, more business courses and electives	Yes
Safe environment for learning; responsive staff	Less focus on DEI, remove ideologically-minded teachers, more focus on STEM	Yes
the kind special ed department this shouldn't be this difficult btw case managers	practically everything less testing more teacher based learning	No

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Staff, curriculum, WIN	Implementation of a full day preschool would help prepare our children for full day kindergarten. Implementation of before/after school programs early in the year to help target skills students are falling behind on. School calendar having an option of spring break the week after Easter Sunday.	No
Professional, caring, preparedness	Less emphasis on preparing and getting into college, focus on trade school opportunities .	Yes
Education, clubs, flexible school year	Student opportunities	Yes
Special education, sports programs, full time k	Readiness for SAT, staffing turnover, more programs after school not during the school while other programs are overlapping	Yes
the food, some teachers are very good, the staff is very realistic	the way they address problems, the way AP classes are prepared for the exam, and the way funding is distributed for sports	No
IEP program, integration with technology, curriculum	More diverse staff who represent the increased diversity of our student body, more advanced research opportunities and independent study options, civic engagement and art programs outside of school hours	Yes
-teachers are good -good equipment for teacher -many different clubs for students to go to	-washroom cleanliness -phones while waiting for the bus -more communication with parents	Yes
Abolishing DEI, Athletic program, Police presence	Remove emphasis on sexual choice, focus strictly on education excellence, implement a merit bases program for teachers	No
Teachers, Administration	Spelling program (3rd grade),	Yes
For my daughter who recently joined MPS it has been a very welcoming environment. Education is at a high standard and I feel it's also integral not only focusing on academic but social and emotional development.	invest on updating facilities	Yes
- good staff - challenging course selection - ability to explore interests	- workload on teachers (it affects their teaching) - conditions of the facilities	No

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Open communication, lots of clubs, well-round education	More focus on promote students to strive for exceptional instead of settle for mediocre; Academic excellency; Sportsmanship and teamwork.	No
Course options, kindness of most staff members, athletics	Infrastructure needs modernization and maintenance, focus on the individual student need and talents, modernize teaching methods: embrace AI don't ban it as the current and future job marked demands these skills - it is here and will be with us- can't be avoided	Yes
NA	NA	Yes
Teachers and community	No answer	Yes
Na	Flexibility for various learning styles	Yes
Some great teachers, good prep for college	Improved appearance of facilities and classrooms, later start times for high school	Yes
Safety in the community, sports, and test scores	More money on schools, treating students equally, and more interactive classes that would actually help students in the real world	Yes
Convenience, cost, good people	Don't know enough to comment	No
Teachers, community support, most administration	Parent involvement to take responsibility for the actions of the child. Cooperative CB learning, character/ value oriented emphasis.	No
Teachers, other students, and clubs	Less administrators, thinking classroom, more advanced subject offerings with qualified teachers	No
Teachers, community, character building in students	Enrichment for advanced students	Yes
Most of the teachers are dedicated and care about their students.	1. Renovations to buildings-The classrooms are too small and the buildings are outdated 2. Higher teacher pay so BH can recruit/maintain the best/most qualified and dedicated teachers 3. Curriculum/technology programs updated so they are aligned with surrounding school districts (New Providence, Chatham, et. al)	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
1) The experienced, veteran teachers, 2) Have financial resources, 3) Community	Abolish differentiated instruction within classrooms, set a limit on the number of students able to get special education accommodations, return to 1-8 day schedule at the middle school.	Yes
Strong math curriculum in elementary school; support for students with special needs at the elementary level; diverse student body	Need a stronger language arts (grammar and writing) program at the elementary level; need structured after school programs for kids in after care.	No
Good options of choices for electives in the high school, staff, guidance counselors are very helpful at the high school	The electricity and heating problems in the high school	Yes
Small town feel, lots of opportunities for kids to join clubs and activities, old-fashioned-everyone-knows-everyone-feel of the townspeople	FACILITIES UPGRADE, ADMINISTRATOR ACCOUNTABILITY, TEACHER ACCOUNTABILITY, TEACHER TRAINING. Lunch: Lunch should be free (snacks not included).	Yes
Accelerated programs are present, food is provided to students, teachers teach students.	Tests: There should be less of an emphasis on tests, and more on hands-on projects. Securely: Use a different, slightly less invasive software. Securely is very poorly rated online, and is an extreme invasion of students' privacy.	Yes
Friendly staff, good facilities, attitude to kids	Significantly invest into academics and extracurricular activities. There're lots of opportunities to establish additional educational programs, like prep for Kangaroo math, involve STEM mentors with private school experience, involve parents community in educational and experience sharing activities. It would also be very beneficial to extend library variety - include more interesting, classic high quality books.	Yes
Na	Na	No
Strong teachers who work very hard to connect with students and teach them how to be their best selves	Remove consultative model of special education, select a Board of Ed who is willing to compromise with each others and teachers, having a stronger discipline code at every level	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Music program at high school.	Teach the kids math. Actually teach them. No more "thinking classroom" showing up here and there as teachers wish. I've spent a crazy amount of money on math tutors over the years bec it's not properly taught. My kids think they're stupid because of math here in BH. Even the online program they use for homework is beyond frustrating. Just scratch it all and start over again. I know people who have put their kids in private school over this math ridiculousness. It's ruined college chances for some kids bec it's the lowest grade their kids earn. It's just been bad all around.	Yes
Some amazing teachers.		
Clubs at middle and high school levels.		
	Get rid of football team. Waste of financial resources; it's dangerous sport; and not open to female athletes.	
Adding student support programming, extra curriculars, academic integrity	Need a new high school building. Period. Full Stop. Continued improvement of communication to community	Yes
Teachers/staff	Inclusion model Reading curriculum Special education process and services	Yes
Facilities and range of opportunities .	Teachers for higher level subjects, participation in state/ national level programs,	No
Teachers, district admin, course selection	Certain board members	Yes
Broad range of curriculum in high school, sport options, ability of staff to work with students needs individually	TBD for the new administration, under the old administration - lack of connection with the town's needs, losing very valuable teachers and principles of the district, stop changing math programs stick with something already!	No
Tradition, teacher dedication and care for students	Update facilities and equipment to better serve the school's needs	Yes
Our teachers	Improved school buildings, better communication (this has improved with the new superintendent)	Yes
inclusion, open environment, communication	None	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The teachers and staff are great. Vision to try and move forward.	Lack of state funding for student development programs, updating of aging facilities and fields. Low morale and trust in the program but parents. Advocating more community projects led by kids (free of parents meddling),. More cross activities with other schools in Union county, a day or two to let kids free range while at school)	Yes
Classroom size (student to teacher ratio), not falling victim to "Ivy League Fever" but still setting high standards, teacher responsiveness	BOE operations/gridlock, teacher morale,	Yes
teachers, dedicated staff, great club options in GL	Athletic fields, more emphasis on student social skills- less emphasis on YouTube, have two teachers in every classroom.	Yes
Caring, involved, and professional teachers, heggerty and phonics programs, WIN program	n/a	Yes
My daughter has just started Kindergarten, but so far the teachers, the communication, the safety	reduce administration by 2-3 salaries, set specific number goal for math & english test scores for EverySchool- publish it! report it! measure result to goal IN PUBLIC, new superintendent must host a LIVE community meeting BEFORE referendum! ( otherwise, she looks too timid & afraid of feedback)	No
good experienced teachers, variety of activities & clubs, grade level schools set	Offer Chinese lessons for middle school and high school,	Yes
Safety	Cell phones in locker in high school, have a "maker" club with various supplies for students who want to learn how to fabricate,	Yes
Teachers, cell phone policy at Columbia is excellent - phones are in lockers,

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
I have 4 children - 2 are recent grads from GL and have found they are (1) very well prepared for college at highly selective universities. (2)The variety and rigor of the courses offered is strong and the willingness of teachers to meet with students outside of class has been excellent. (3) Leadership at GL has been exemplary. Mr. Nixon is a stabilizing force there during these years that have been very tumultuous for a variety of reasons from the pandemic to administrative changes.	<p>1.The facilities at GL need to be updated. My current GL students tell me lights don't work, water is dripping and they are moving spaces regularly for infrastructure issues.</p> <p>2. Prioritize counselors specific for college planning and support. We want to be a great district and compete with private schools luring away our best students and athletes, but our counselors are not building relationships with admission officers and it's hurting our students. Consider making their job a 12 month position (or 11month) so they have dedicated time to support students with college applications and learn more about today's college process.</p> <p>3. Repave the back lot to create additional parking spaces at GL or open on street parking in the neighborhood surrounding the school.</p>	Yes
Teachers continue to grow and develop new academic programs to meet learning demands. Students attend grade-level buildings with programming focused on the specific needs for learning and special services for their age groups. The schools are part of the community and provide arts, athletic, cultural, and service programs to benefit Berkeley Heights.	<p>The schools need renovated facilities with classrooms that accomodate all learners. Structural and mechanical systems need to be replaced and/or updated due to age and inability to provide reliable heat, electricity, and safety systems.</p> <p>New furniture - desks, chairs, tables - are needed to replace old, broken, or unsafe furniture.</p>	Yes
Quality teachers; elective options; strong academics	Schedule school start later in the morning; security/traffic control at the front of parking lot at the end of the day - the kids drive too fast, and disregard basic driving rules when departing.	Yes
Great teachers, many course offerings, good learning environment	Stricter cell phone policy, Less focus on emotions/zones in elem schools, more discipline	No
Some how, several students have ended up going to good colleges. I have no idea how as the high school seems to have more problems than solutions.	Board of Ed members in-fighting, school facilities falling down, GL is falling apart and filled with teachers with delusions of grandeur.	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

Would you be likely to support a Referendum to address the needs of the District?

4 N/A

Most likely

6 New furnishings - desks, tables, chairs

Most likely

5 N/a

Most likely

2 nothing else

Most likely

1 It freakin rains in GL. Fix the roof.

Most likely

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
I'm going to support a referendum with anything you N/A			
New mechanical systems: electrical, heating, air conditioning New safety systems such as fire alarm systems Back-up generator for high school WiFi and water pump	I would not support getting rid of the school libraries.		
Outlined well within this questionnaire	None. Repairs, advancements, etc. are a necessity. Great if budgets can be adjusted to meet needs, but		
Upgrades to lower maintenance/repair costs	Expensive security projects/officers at every school, more SEL programs		
Basic amenities.	The BOE spent a year + on renewing a lease with the township. I have no expectations that the schools		

t understand that is a difficult solution.			
wont fall down within the next year.

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The students	Stop all DEI curriculum & instruction. Stop all gender ideology permeating the school district. Stop all LGBTQ curriculum & instruction	No
Na	Na	No
cares abt students, quick w decisions, some good ideas	more communicative with whats going on with handing decisions, budgeting whats actually important, stop starting school early bc it benefits no one everyone would rather start later	No
Berkley Heights public school it one of the best of the new jersey state. Berkeley heights public school has a good teachers	For me Nothing.	Yes
There are some standout educators. A good variety of programs, both during and afterschool. The music programs have been fantastic as well as the bussing system.	Communication has been an issue across all schools. Information about advanced class placement is hidden, or not shared properly to parents. The transition to Google classroom in 6th grade needs more instruction, kids do not understand how to use it properly and are expected to know how to use it on day 1.	Yes
Friendly staff	Offering various enrichment opps, inclusion of more cultural events, more STEM initiatives	Yes
good experienced teachers, variety of activities & clubs, grade level schools set	reduce administration by 2-3 salaries, set specific number goal for math & english test scores for EverySchool- publish it! report it! measure result to goal IN PUBLIC, new superintendent must host a LIVE community meeting BEFORE referendum! ( otherwise, she looks too timid & afraid of feedback)	No
a variety of sports and club opportunities for students to choose from; small student enrollment; many talented educators	reconsider the math curriculum approach; less tolerance for teachers who's struggle to teach their subjects	No
STEAM programs, sports programs, and extracurricular activities	More technological advances in education, introduction of time management in education, and improvements in physical facilities and cleanliness	Yes
teachers cleanliness ratings	special services	No
Teachers, classes, sports programs	Nothing	No

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

1 Girls locker room improvements; athletic locker room Possibly

2 Na Possibly

3 nothing Possibly

1 One hot room for the bus driver,in the cold and freez Not at all

3 The robotics club needs to be brought back to CMS Most likely

3 N/a Possibly

6 ADD THE DOLLAR AMOUNTS PER PROJECT!!!  
near impossible to fully evaluate Not at all

5 n/a Possibly

6 Repainting of classroom walls Possibly

3 Don't know Possibly

7 Lights for the GL football field Most likely

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Lights on the athletic fields	Diversity, Equity, and Inclusion projects. Hiring of personnel with DEI in their resume, educational backgro		
Na	Na		
idk	anything that adds to the budget of the football or wrestling or baseball team		
For now I don't have	I don't have, for me all are good.		
Robotics and technology focused improvements an	Frivolous athletics spending. Our teams are doing a great job with what they have.		
Anything STEM or classroom upgrades related	N/a		
Must ADD THE DOLLAR AMOUNTS IN ORDER TC	the public should be asked yo share input about phasing in the changes!!! if this durvey is the ONLY vehicle for community input, this is practically a blindside! please host LIVE INTERACTIVE PUBLIC SESSIONS!!!!		
Projects that focus on improving Math, Science, & F	Project that are not directly connected to improving Math, Science, & Reading levels.		
Improvements in technology, more flexibility for learn	Athletic program improvements, Outdoor upgrades (turfing fields, re-doing blacktops, etc)		
Special needs classrooms	Special needs students need more		
Lights for the GL football field	Anything happening before the lights on the GL football field

During the time you have lived here, do you think the quality of education has improved, stayed the same, or declined?

Do you have any children who currently attend the Berkeley Heights Public Schools, have graduated, attend private school or are home schooled? What is your age?

Declined

Currently attend or will be attending Berkeley Heights Public Schools 46-55 years old

Stayed the Same

No children

Younger than 19 years old

Stayed the Same

Currently attend or will be attending Berkeley Heights Public Schools 36-45 years old

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
1) Administrative communication with parents 2) variety of electives offered 3) committed teachers	1) guidance counseling is abysmal in both middle and high school- very poor involvement with students. Literally no guidance at all 2) facilities in TERRIBLE condition 3) school year calendar to a more year round schedule	Yes
Course rigor available, extracurriculars available, information availability	Building quality, variety in AP courses (more non-STEM), less focus on cosmetic renovations	No
Great teachers and staff, security, and learning programs like WIN.	Break up of inclusivity classrooms due to distractions for other kids, enhanced curriculum to teach about AI and financial literacy, and upgrade to facilities.	Yes
Excellent teachers, solid curriculum	More options for advanced classes, updating school facilities, career and college guidance	Yes
the students- I feel like my kids have really good friends with similar values	1. The buildings- are old and need updating!! (especially GL) 2. I have been disappointed with certain teachers and don't feel like admin responded to parent concerns effectively when I reached out to them; when there is a majority of students in a class who fail a test- I feel like that is a teacher problem (not a student problem); I am surprised how often this has happened in certain classes with my kids; my kids are hard working and study so I find it strange to see low test grades in class at times (one example of a class this happened in with 2 of my children and multiple friends- Ms Birstler's math classes)	Yes
Staff	Parking lots are awful.	No
Na	Na	Yes
Learning, Sports and Social	Transportation, More sports facilities, Libraries	Yes
N/a	Recognize diversity of student's interests Promote experiential based learning Counseling that includes other choices beside college post graduation	Yes
Community feel, academics, teachers	More focus on basic academics, better facilities, more experienced teachers	Yes

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Community, teachers and connection	Technology, individualized instruction and town/school extra curriculars	Yes
Quality of teachers, safety and inclusion	All works	Yes
Variety of development options, athletic options, high academic standards	Better ways to identify bullying in all grades, facilities getting old, athletics field/facilities improvements	Yes
Generally we are satisfied with the schools.	(1) ensure continuous improvement for student prep and advancement for things like standardized test scores, test taking, and study habits. we spend a lot of time teaching our kids how to study! (2) school transportation access and ensure it is at a low cost for those where students cannot walk as the town has terrible walking infrastructure. (3) The politics that are getting in the way of progress.	Yes
Friendly teachers, Stress free environment, social functions	Improve the education standards at par with Chatham and New Providence, add regular vegetarian options in the cafeteria, bring in more diversity among the teachers	Yes
Smaller class sizes, sports programs,	Improved leadership at Columbia Middle School, more community involvement, higher quality sports fields.	Yes
Qualified teachers, individual attention, safety of the students	Upgrade/ improve facilities on an ongoing basis, otherwise keep going onward and upward as usually do with improving student experience	Yes
Teachers desire for students to learn. Principals are engaged with students on a daily basis School communication with parents	I love diversity but teachers need to take down the pride flags. They can teach diversity and inclusion without bringing sex based ideology into class rooms, especially middle school and below. I would like more visibility and input into curriculum for an understanding of what is being taught for general understanding as well is planning for the future to support. More focused on life skills. Perhaps not an everyday class but life skills on simple things such as financial prudence/ management, general tax prep, home skills, shop skills, etc.	Yes

I think any are feasible but the public needs to better understand the needs of the district. I can get behind any but it is hard to answer as I am not in the school to see the most important needs of

of the students we are 100% supportive. I would want to understand how each item would improve the v

the school. I think there needs to be a clearer message (pictures, statements of need, etc.) for the public

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Community involvement; social emotional development, WIN	improve differentiated instruction; DEI in authentic approach; more opportunities for extracurriculars or experiential learning	Yes
Each school has a great community. Teachers are top quality.	Better community communication. Help -all- students succeed, not just the high performing kids.	Yes
Number of AP and Honors classes, High standard of teaching with exceptions, willingness to challenge students	More focus on STEM related subjects	Yes
The elementary schools are awesome. It just goes downhill	Helping children that have different issues.	Yes
The Teachers and their investment in our students development	Update the facilities - updated technology for classrooms	Yes
Teachers, cutting edge, good learning curve	Extra safety,	Yes
NA	Bussing	Yes
Teachers	High focus on learning gap for kids who were in Kindergarten during COVID (current 4th grade) Schools need to be warmer, they feel transactional, no personality need to reconnect with the community.	No
Quality of education, good teachers, special education is better than many other districts	Less focus on diversity and more in academics	No
Good teachers, general education interventions,	The near 100% inclusion does not work as well as admin think it does, buildings are old and require updates, too much use of technology.	Yes
Teachers, athletic programs	Need to support more STEM programs, reduce politics at BOE meetings, improve facilities	Yes
Teachers, opportunities to get involved	Foreign language program is abysmal- children in other towns are bilingual by the time they graduate- my kids never got any homework or rigor in this area. BHTs doesn't teach children how to write well. Finally we r focusing on helping students get into college and not succeed in college	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?	Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?	Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
The teachers are great. Staff is very helpful. Communication regarding upcoming events is excellent.	Improve hardscape, too many tripping hazards. There should be homework over the weekend. School should start no earlier than 8:30AM.	Yes
I've seen a steady decline in teacher engagement and school facilities. Hard to find one.	Teacher engagement, state of facilities	No
teachers	facilities need upgrading	No
School bus, PowerSchool,	Extra curricular activities that allow kids to connect, google classroom that can post what kids are working on, community service events	Yes
staff, curriculum, technology	Fields and facilities all need updating. Visiting other schools for games all year round- our fields all need updating. Schools seem to need facility updates and maintenance as well	Yes
One cool teacher That's it	The testing The food Everything	No
Strong community, responsive/attentive staff (elementary k-2 level), lots of opportunities for parents to be involved in their child's learning journey	Improvement of buildings/facilities/grounds, a stronger relationship amongst the BOE/District Administration and the community, more cohesiveness throughout the district (at the lower grades things feel very segregated by what side of town you live on - schools should be doing the same things across grade levels regardless of which school they attend)	Yes
Pro mental health	Fix the constant issues with GL, Handle people who got held back with more pressure, get rid of the participation trophy mentality	No
N	Facilities the kids always comment that the schools look like jail	Yes
Dedicated staff, involved parents	Community members' antagonism (specific subgroup of individuals that opposes any expenditure of money or new initiatives), older facilities in need of upgrades	Yes
Accepting community, willing to evolve, many opportunities for students	Update facilities, better teaching staff quality, more of budget allocated to non-sports eg updating facilities or for other extracurriculars	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?	Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?	Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

3 Playgrounds

Most likely

2 cafeteria

Possibly

1 We need lights on the GL athletic fields

Most likely

1 Counseling for students and classes that can teach

Possibly

1 Fields, Scoreboards, Announcers stand, tennis courts

Most likely

7 Cms

Not at all

1 Upgrades to school playgrounds and sports fields for

Most likely

7 General maintenance of the schools, so I can go to

Possibly

1 The kitchen room

Most likely

2 Elementary playgrounds that were never changed with

Most likely

7 Lighting quality

Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
More parking at the middle school	Updating all playgrounds and out door facilities		
wholesale improvement	unknown		
Lights on the turf field	special ed renovations		
Counseling, community involvement, diversity and in	Programs that are not inclusive or opened to promoting diversity		
all that i listed above	none at this time		
None	All		
School facilities upgrades (infrastructure) and groun	None		
Renovations for the general Governor Livingston fac	Gym/athletic reforms. The only way I would support this, is the GL weight room reform.		
All	After or before school programs		
Please keep younger children and elementary schoo	Any referendum that excludes younger students and elementary schools		
Ceiling, flooring, and lighting upgrades; roofing syst	None

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
1. The many options and opportunities for students to do different activities 2. The effort to make a kind and safe environment 3. The improvements in teaching methods.	1. Anything really old (ex. pipes) should be replaced to keep a safe area 2. The strictness in some areas but it depends 3. Teachers not doing there job or are causing inconveniences	Yes
Teachers, individual attention, focus on future	More inclusion education, bullying perception, workload after school too much	Yes
	The maintained quality of the school (rats, termites, etc.)	Yes
Safety	Eliminating DEI initiatives	No
		Yes
The teachers and their communication with parents. Focusing on children's needs	Helping both students and parents to navigate through social issues occurring in school. Having more staff around during "unstructured" times at the school to decrease negative social interactions. EX. on the bus line having staff be present and overseeing students to decrease negative student behavior.	Yes
Quality teachers, student-centered programs, athletics	More teacher-led classroom instruction/discussion and less technology based lessons. Improved college preparedness workshops/meetings with Guidance Counselors Implementation of more standardized operating procedures by counselors and teachers alike so all students have access to same information and must follow same rules allowing for more equity and fairness.	No
NO good qualities	The schools, the staff, the students	No
they dont hav any	everythingg	No
its easy the lunch is good and i make friends there	When its cold outside we should wait for school inside, recess should be optional, better school lunch	No
Quality teachers, safety, lots of opportunities for students.	Buildings, classrooms, and parking lots are run down and need serious work and upgrades.	No

Would you be likely to support a Referendum to address the needs of the District?

5 I don't know

Possibly

3 Heating, cooling

Possibly

5 Paving Mt. Park's blacktop

Most likely

1 N/a

Possibly

4

Possibly

6

Possibly

1 Better use of student locker space that is not utilized  
1 Adequate space for athletes to store their gear rather than

Most likely

7 The students, they would be 7

Not at all

5 idk

Not at all

3 lunch

Possibly

7 Fresh paint in classrooms and hallways.

Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
I would give my support to anything that would improve the school. I don't know			
Listed above	Would not support efforts to shut down diversity and inclusion programs		
Paving Mt. Park's blacktop because people keep tripping			
Athletic Room renovations and security camera upgrade N/A			
Anything that is most likely to address the needs of the community: Locker room upgrades			
Transportation, facilities repairs, athletics	Construction/renovations of non-instructional spaces/classrooms		
You would need gold plated toilets	I would not support anything if there was no gold plated toilets		
make more money so we can have good schools for all I don't know

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
We have seen great things in our elementary schools, in assessment criteria. and in math offerings.	The facilities have much to be desired, roof leaks, ventilation, etc.; in addition, academic celebrations need to be promoted rather than athletic celebrations; finally, consistent assessment practices at the high school	No
Education, Teachers, Safety	Extra Curricular Activities	Yes
1. Active community 2. Safe environment 3. Hard working teachers	1. Hire staff where needed 2. Update buildings where needed 3. Staff parking lot renovations	Yes
middle school has so many problems it is always closing there are SOME good teachers	the HORRIBLE SCHOOL LUNCH 180 school days (WAY TOO LONG) remove Securely from school devices and/or stop using the crappy chromebooks and use windows laptops.	Yes
The individual schools try to build a sense of community which is think is important. Access to art and music. I believe introduction to these subject areas are important and happy that we have them in our schools.	The language arts/writing curriculum and more critical thinking opportunities as they learn. I also do not understand how the teacher meetings are set up/scheduled. It appears that we are always in need of subs because of meetings. There might be a more efficient way to handle this but again I have no real information on this matter just a random observation.	Yes
Na	Flexibility for various learning styles	Yes
Teachers, communication and parent outreach.	N/A	Yes
I don't really have one I guess all of them	make the school's more fun	No
Teachers and staff; music programs	Money spent on consultants and switch to Singapore math for elementary schools	Yes
involved teachers and parents	in-house before and aftercare, more robust enrichment/remediation opportunities, lower class sizes	Yes
Na	Functional Board Of Ed, less political division for the better of our children, more attention to correction of past issues.	Yes
Teachers, teachers, Teachers - (No I am not a teacher nor any in my family)	Your High Schook should have a tennis court - This is pathetic.	Yes
NO GOOD QUALITIES	BETTER STAFF, BETTER STUDENTS, BETTER BUILDINGS	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
Experienced teaching staff like Cheryl McKinney, sense of community, HS media production program.	Transportation communication, cost of district level administration, a BOE without NJ 21 wackos.	Yes
Skilled teachers and aides. Engaged PTO focused on improving school. Good curriculum and focused learning (WIN).	More standardized test prep to improve scores, addition of all-day Pre-K	Yes
Schools	More academics, preventing bullying	Yes
hiring bad teachers, having out of date facilities, senile administrators	hire better teachers, improve facilities, hiring administrators who are better suited	No
nothing nothing and something	recess tests and allowed to have phones	Yes
Diversity	N/a	Yes
Good school lunches, kind and supportive teachers, and fun clubs.	1. Better chromebooks. 2. cleaner bathrooms. 3. slightly bigger lockers.	Yes
The Staff, The kids, The possibilities	Facilities, Facilities, Facilities	Yes
Cost covered by taxes	Quality of teachers, opportunities for enrichment at much younger ages, preparing students for academic excellence, not planning to meet the problem kids vs pushing the accelerated or normal kids	Yes
some of the teachers are really good, facility cleanliness, arts are not forgotten	N/A	Yes
N/A	N/A	Yes
The bathrooms, sike The school teachers And whatever, whatever	THE BATHROOMS! WATER FOUNTAINS, DIRTY broken things in GL PLEASE PLEASE PLEASE	Yes
1. A lot of outreach projects that appeal to a lot of kids 2. Many sports events 3. Clean facilities	1. Less "learning challenged" kids in classes (makes it hard to focus) 2. Better lunch food 3. More accelerated courses	No
Teachers; number of electives; number of clubs	BoE, BoE, BoE	Yes

Would you be in favor of wholesale renovations to the existing Locker Rooms and Team Rooms to provide more space, greater efficiency, proper storage, updated toilet and shower facilities, and trainer's room at the High School?	Would you be in favor of general renovations to existing Science Classrooms (Biology, Physics & Chemistry) to provide layouts that support the advanced curriculum with greater flexibility and efficiency?	Would you be in favor of general classroom renovations to support a growing curriculum for TV Production, Broadcasting, Robotics and Technology Labs?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
approachability to teachers and leadership, kindness and compassion from teachers for my children, and a real sense of community.	more extracurricular clubs and specialty educational programs. for example my kids really liked the coding and computer programming but there is not enough access to it. it should be offered throughout the year.	Yes
skibidi fanum tax sigma	sigma skibidi o	No
Inclusive, somewhat sanitary, provides education	Please be cleaner, be more understanding of student's needs, more engaging assignments	No
Athletic opportunities, Social opportunities, and extra curricular activities.	I would change that we should get more kids to play sports so we can make full teams. I also think we should pave more of the roads and sidewalks. Finally, I think we should get more turf fields.	Yes
Tutors, communication and parent involvement	Celebrating diversity vs minimization, more diverse authors for books that are about achieving not survival or painful experiences, hire more teachers of color	Yes
BH has great special education services, and extra curricular activities along with passionate educators.	Could use a back up when GL internet goes out because the entire district then is affected with no internet as well. Also there is NO encouragement or guidance for students not going the college route. BH has put a "stigma" on students going to votech or doing something other than college. The consultative model needs to be removed and should go back to co-teaching.	Yes
Good guidance counsellors, ESL program, IEP management	upgrade our buildings, lights on multi purpose field, additional turf fields	No

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
education, environment, and kindness	better school system, gold plated toilets, one pound fish very very good, one pound very cheap, 6 4 5 4 one pound fish 6 4 5 4 one pound fish.	No
N/A	Were horrible about addressing bullying	Yes
inclusivity, school spirit, safety	College counseling, guidance on career path options, more enthusiastic teachers	No
none	everything	No
teachers, safety and curriculum.	update/modernize the building facilities, less students per class, and improve athletic fields	Yes
some of the teachers, programs available	Better fields for sports. More sports programs for girls, more individual learning	No
1. Curriculum 2. Clubs 3. Teachers	1. Curriculum 2. Clubs 3. Teachers	Yes
None	Na	Yes
Teachers generally care. Special services/IEP management.	1) The former superintendent was extremely manipulative and did damage to the schools. I hope the new superintendent is willing to work with the community and not completely ignore the desires of the community. 2) Many of the head coaches at GL are frankly not good leaders and should be reviewed and replaced.	Yes
The teachers, Mrs. Marley and the the extracurriculars	Sai Akiri needs to be off the school board and the facilities need an updating	Yes
Teachers, Class size, Building facilities	More emphasis on test score achievement, less emphasis on emotional issues, more emphasis on basic skills I.e. math, English, knowledge of history and historical events	No
No comment	No comment	No

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
close-knit community, great education (teaching methods & staff), lack of over crowding	more after school activities run through the school, more opportunity for independence, no standardized testing until high school	Yes
Teachers, Administration, student support	N/A	Yes
Emphasis on challenging curriculum to prepare kids for college, good teacher/parent partnerships in elementary levels, blend of community/family/respect in behavior at schools	Facility upgrades at the high school—poor hvac, sewage, and communications systems, no one can use lockers, aging tech equipment); equal facility space for female athletes as compared to male (no team rooms, smaller/older gym, banners not represented in main gym, locker room too small to hold athletes and equipment, visitors need to change in classrooms); use of student specific testing data to drive individual areas for improvement (especially kids not in IEP or AP—kids in middle or on plans get overlooked and could be your main driver of grade/testing improvement.	No
Teachers Community Caring Staff	Better School busing for younger children instead of drop off	Yes
Small town feel, safe, teachers	More emphasis on social/emotional intelligence and life skills	Yes
My kids counselor is the best (Mrs Gold); good selection of program/elective, overall, the level of the content is advanced.	Prioritize electives based on the future studies of the child; support and highlight Marching Band and Color Guard, music and arts as much as the athletics; improve the teachers 'quality of teaching (you are lucky to have an excellent teacher or not - there is no homogeneity) - Math is a good example of that. It is terrible!!	Yes
Devotion of Facility and Support Staff, Advocacy for the Students, Instilling of values and morals by offering clubs and checking in with the student. EP and Academic strategies are very important	Cost for lunch- it's too expensive, the cost for clubs- too expensive. I would like to see typing class available so they don't use one finger to type. I would like to see community opportunities- go to the bank, visit a local college, charity events	Yes
The teachers, principals, and paraprofessionals	Make maintenance improvements, have the student	Yes
No answer	Get focused on achievements for the average student	No
The kids, SOME teachers, Physical education	Deciding of classes, Time/ schedule, sports/ clubs	Yes

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

7 sidewalks

Possibly

3 N/A

Most likely

2 Parking lots at cms and backlot of GL, removal of ur Most likely

7 Security

Possibly

3 N/a

Possibly

6 GL REAR STUDENTS parking lot is a disaster, danç Most likely

6 Lunch room, cafeteria, classroom chairs and techn Most likely

6 Heating of the buildings

Most likely

2 Upgrade tech

Possibly

7 Cafeteria. gyms, regular/ everyday lockers

Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:

What projects would you not support if included in a District-wide referendum? Please list:

sidewalks and crossing guards on and near GL cam i don't care all that much about sports and sports programs

Any

Support them all

Building sewer, bathroom, lockerroom renovations, I Special Ed room renovations, music/arts space renovations

Not sure

Safety and Security

Lab updates

Athletics-only renovations

You really have to focus on the areas of the facilities You have to make that determination, but you should prioritize the projects that will ensure the longevity c

Na

Na

Maintenance of the buildings

not sure

From a facilities standpoint, please prioritize in order of importance at the High School [Athletics Renovations]

From a Facilities standpoint, please list any items you feel should be included, that are not covered above.

Would you be likely to support a Referendum to address the needs of the District?

2 Signage about school property and that trespassing is prohibited

7 None Possibly

2 None Most likely

7 address the heating system at GL Most likely

4 Na Possibly

7 CMS is the only middle school in the area that does Most likely

7 Yes Not at all

7 Heating and air conditioning systems Possibly

4 Leaky roofs, no heat in buildings or AC Possibly

2 Na Most likely

7 No additional Most likely

4 Band / Orchestra Room Renovations Possibly

1 N/A - it is a very long list and I feel it should be prioritized Most likely

7 Chances to school entrances to improve dropping off and picking up Most likely

6 Incorporation of UDL (Universal Design for Learning) Possibly

5 Not enough experience to have an opinion Possibly

4 Air quality in rooms, outside landscaping improvements Most likely

1 None Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
-Paving and ensuring safe walkways for students in			
-Bringing our schools out of the 60/70's by making	Media centers; unless it's a true library-our kids need to touch books and turn pages. I'm all for technolog

What are the three best qualities of the Berkeley Heights Public Schools?	What are the three things about Berkeley Heights Public Schools that you would change?	Would you be in favor of renovations to the existing libraries that would facilitate more efficient and usable instructional space, collaboration areas and create a more adaptive media / technology center for the Elementary, Middle and High Schools?
1. Community no matter where it is: sports teams or	1. Facility conditions: comfort and safety	
2. Wide variety of electives and chances to explore	2. More food variety rotations or options	Yes
3. Create a safe environment for everyone	3. Schedule flexibility / avoid coinciding events	
1. Wonderful Teachers and support staff.	1. More Communication and transparency from sup	
2. Class options at the HS	2. Better facilities that reflect our high property taxes	No
3. Student to teacher ratio.		
Teaching staff, varied learning opportunities,	Class sizes being too big for younger grades, better	Yes
Quality and diversity of electives at GL,	A true gifted and talented program at elementary an	No
1) Loved the family atmosphere at Mountain Park	1) Math and Science programs - should re-evaluate	
	2) need to innovate and evolve at high school- we h	Yes
	3) Process for placement discussions with 8th grad	
Inclusion, quality of education and safety	Board of Education needs to be completely overhau	Yes
Blank	The board team needs to reflect the needs of the st	Yes
Good teachers, STEAM education, technology	More flexibility in learning online, making up missed	Yes
Most of the teachers seem to care about their stude	The facilities look and feel dated when compared to	Yes
Strong curriculum, adequately prepares kids for col	Some members of the BOE, more POC in Honors p	No
Instruction in general is good	Infrastructure needs improvement	Yes
The staff's dedication, the updates sent to parents, i	If upgrading roofs, consider solar installations	Yes
Teachers, WIN period, administrative support	Building maintenance, removing the few teachers th	Yes
Fiscal discipline (by nj standards). Special needs ki	Facilities are atrocious. GL is aging rapidly and it lo	Yes
Small class sizes, highly qualified teachers, high reg	Improve/update facilities, excessive testing of stude	No
Choices of classes, choices of clubs, choices in spo	Approachability of teachers with students, communi	Yes
Special Education Department, quality teachers	The splitting up of the schools.	No
Safe, principal at CMS, after school programs at CM	Teachers need to follow IEP, bring back resource ro	No
Secure, teachers are wonderful and safe.	If snow days aren't used during the school year let t	Yes
The kids, location, potential	Pave parking lots, imorove bussing situation, more c	No
Teacher quality, academic opportunities for students	Improve college advising and career planning, chan	Yes
Small town feel, small student body so most studen	Reduce class size, more clubs and activities, start s	Yes
Very accomodative	Not much	No
The teachers are amazing. The level of experience	Facilities need updating. More outside playgrounds	Yes

Would you be in favor of milling, paving and fencing replacement projects to improve the existing conditions, layouts and drainage at the Elementary, Middle and High Schools?

Would you be in favor of wholesale, roofing system replacement projects that would improve the existing conditions, eliminate leaks and reduce maintenance at the Elementary, Middle and High Schools?

Would you be in favor of PA/Communications and Security Camera System Upgrades that would improve the existing conditions, provide more coverage and protection at the Elementary, Middle and High Schools?

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Improvement of facilities and more effective learning	N/A		
.	.		
I would like to see smaller class sizes in exchange for	Locker room showers are not necessary kids can shower at home		
Science lab upgrades	Locker room and toilet upgrades		
n/a	n/a		
I'm flexible	I'm flexible		
Facilities updates	None		
I don't know	I don't know		
The basics need to be addressed, like bathrooms, tile	Not as interested in the athletics component.		
Our buildings need a massive overhaul. it is embarrassing	I think our libraries need an upgrade but not a massive overhaul. Our schools aren't walkable so kids are		
Most infrastructure projects	Less emphasis on Athletics		
Solar	Nothing comes to mind.		
N/a	Turf fields		
Can't just be physical plant, even though it needs to	Not sure		
None	None		
N/A	N/A		
N/A	None		
Driveways and roofs	Sports related		
Notice of structural building	Changing out lockers		
It is not about projects it is about using the existing facilities	Bathroom changes		
Science lab renovation	I would not like to see athletics prioritized over academics .. if that happened, I might not support		
None	None		
Nothing	Nothing		
GL upgrading to athletics facilities, parking lots, playground	As above

	6 School Transportation	Possibly

What projects would need to be included to gain your support for any District-wide referendum? Please list:	What projects would you not support if included in a District-wide referendum? Please list:		
Improvements to science, reading, arithmetics, sports	Anything DEI or the promotion of sexual preference in classrooms. It's an unnecessary distraction and a support for the special education program, update the		
Child emotional safety, special ed paraprofessional	Making classrooms for special education students too small. They need space to move and stay regulated		
Athletics as primary focus			
Not sure	Not sure		
Media centers, parking lots repairs & replacements,	The GL auditorium does not need an upgrade		
Physical plant, academic oriented renovations	None		
21st century media centers, STEM opportunities for	full day pre-k-We need to address facilities and instruction first		
Focus on STEM initiatives or the arts	Focus on athletics		
In an ideal world all projects would be included but the	My support would only waiver if athletic facilities are prioritized over academic spaces.		
N/A	N/A		
Invest in education and students	Facilities upgrades when there are existing deficiencies education. Fix academics first.		
-	-		
Renovation of Mountain Park elementary and CMS	Locker rooms and field upgrades		
Adequate roofing and drainage. The basic upkeep	Frivolous technology like Promethian boards in classrooms which do not have a deliberate need for them		
Vocational school programs and Athletic facilities up			
find better staff.	spending money on more tvs in the highschool cafeteria that I've never seen be used.		
Numbers 1, 2 & 3	Numbers 4 through 7		
better use of space at CMS	n/a		
TBD - would need to see the options	TBD - would need to see the options		
Roof & heating repair	N/A		
Classroom improvements to improve learning.	Cosmetic		
Building maintenance	I'll support all projects		

Timestamp	How satisfied are you with the quality of Berkeley Heights Public Schools?	How long have you lived in the District?
3/28/2025 14:54:31	Satisfied	Less than 5 years
3/28/2025 15:06:13	Dissatisfied	Less than 5 years

During the time you have lived here, do you think the quality of education has improved, stayed the same, or declined?

Do you have any children who currently attend the Berkeley Heights Public Schools, have graduated, attend private school or are home schooled? What is your age?

Improved

Currently attend or will be attending Berkeley Heights Public Schools 36-45 years old

Stayed the Same
